## **Independent Auditors' Report**

To the Board of Directors of Achievement Academy, Inc.

We have audited the accompanying financial statements of Achievement Academy, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Achievement Academy as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 15, 2015, on our consideration of Achievement Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Achievement Academy's internal control over financial reporting and compliance.

## Notes to Financial Statements

For the Year Ended June 2015 and 2014

### 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Organization

Achievement Academy, Inc. (the "Academy"), formerly known as Child Development Center of Polk County, Inc., was organized to maintain and operate programs for the education, evaluation, and social and physical advancement of children (birth through six years of age) with developmental delays/disabilities and to conduct ongoing programs to educate the general public.

The Academy opened a charter school in 1997 which operates under a charter approval by its sponsor, the School Board of Polk County, Florida (the "School Board"). The governing body of the charter school is the not-for-profit corporation Board of Directors which is composed of 18 members. The Executive Director of Achievement Academy, Inc. is the executive officer of the charter school. The Academy is reaccredited by AdvancED through June of 2018.

The Academy is funded through a variety of sources, including United Way, Florida Department of Education (through the School Board), program fees, contributions and various fund raising events.

#### Basis of Presentation

The financial statement presentation follows the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") guidance for non-profit organizations. The Academy is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

#### Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Support and revenue are recognized when earned or unconditionally received, and expenses are recognized when incurred. Changes in the net assets of the Academy as a result of support, revenue, expenses, gains and losses are classified based on the existence of any donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- Unrestricted - consist of resources available for the various programs and administration of the Academy which have not been restricted by a donor or other outside party.

Board designated funds are established annually by the Board of Directors and represent unrestricted funds which are to be used for future purchases of property and equipment used in the operations of the Academy, net amounts borrowed, if any.

Undesignated net assets are available for the various programs and administration of the Academy.

## ACHIEVEMENT ACADEMY, INC.

### Notes to Financial Statements (continued)

- Temporarily restricted - consist of donor-restricted contributions. Amounts restricted by the donor, grantor, or other outside party for a particular purpose are deemed to be earned and are reported as revenue when received, and such unexpended amounts are reported as temporarily restricted net assets at a year end.

When a donor restriction expires, that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. The Academy does not imply a time restriction on gifts of long-lived assets.

- Permanently restricted - consist of donor-restricted contributions which are required to be held in perpetuity. Income from the assets held is available for either general operations or specific purposes.

There are no permanently restricted net assets as of June 30, 2015 and 2014.

Expenses are reported as decreases in unrestricted net assets. Expirations of donor-imposed stipulations that simultaneously increase one class of net assets and decrease another are reported as reclassifications between the applicable classes of net assets.

#### **Cash and cash equivalents**

Cash and cash equivalents include cash on hand, cash in banks and certificates of deposit with original maturities of three months or less when purchased. The carrying amount reported in the statements of financial position for cash and cash equivalents approximates its fair value.

For the year ended June 30, 2015 and 2014, the Academy had restricted cash of \$15,547 and \$53,182, respectively, which includes amounts that have been received but not yet expended for which there are donor-imposed restrictions.

Interest received totaled \$1,042 and \$2,474 for the year ended June 30, 2015 and 2014, respectively.

#### **Investments**

Investments consist of certificates of deposit with maturities greater than three months when purchased, as well as certain investments held and managed for the benefit of the Academy by a private foundation.

# ACHIEVEMENT ACADEMY, INC.

## Notes to Financial Statements (continued)

### Property and equipment

Property and equipment are recorded at cost or at their estimated fair value at date of donation. Items costing \$500 or more are capitalized in the statement of financial position, whereas all other items are expensed. Depreciation is provided using the straight-line method over the following useful lives:

	<u>Years</u>
Buildings and improvements	10 - 40
Furniture, fixtures, and equipment	3 - 10
Playground equipment	5 - 20

Maintenance and repairs are charged to expense when incurred.

The Academy is subject to accounting guidance related to the impairment or disposal of long-lived assets. This guidance requires impairment losses to be recorded on long-lived assets when indicators of impairment are present and when the undiscounted cash flows estimated to be generated by those assets (excluding interest) are less than the carrying amount of the assets. In such cases, the carrying value of assets to be held and used are adjusted to their estimated fair value and assets held for sale are adjusted to their estimated fair value less selling expenses. See Note 5 for impairment of land held for sale.

### Revenue and expense recognition

Revenues and expenses are recognized on the accrual basis. Contributions subject to donor-imposed restrictions are recorded as temporarily restricted support and are reclassified as unrestricted when the donor-imposed restrictions has been fulfilled or the stipulation of time period has elapsed. Contributions with restrictions that are met during the fiscal year are recorded as unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions that are not fulfilled in the accounting period. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulations or by law. All expenses are reported as decreases in unrestricted net assets. Expiration of temporary restrictions on net assets, that is, the expiration of the donor-imposed stipulation purpose or the elapsing of the specified time period, are reported as net assets released from restrictions.

Revenues consist primarily of governmental grants, United Way, program service fees and contributions. Expenses consist of the cost of providing the various programs of the academy and operating expenses.

### Concentration of revenue sources

Approximately 75% of the Academy's revenue is derived from grants from the federal government passed through the State of Florida Department of Education (which is renewed annually) and state and local funds passed through the School Board (which is renewable every ten years). The current level of the Academy's operations and program services may be impacted or certain services discontinued if the funding is not renewed.

## **ACHIEVEMENT ACADEMY, INC.**

### **Notes to Financial Statements (continued)**

#### **Due from other agencies**

Due from other agencies represent amounts due from the School Board, Medicaid and private insurance. Management has determined that the amounts are fully collectible; therefore, no allowance for uncollectible accounts is considered necessary as of June 30, 2015 and 2014.

#### **Pledges receivable**

Pledges receivable represent amounts due from the United Way and other organizations for designated pledges.

#### **Other assets**

Other assets include loan costs which are being amortized over the life of the loan.

#### **Credit risk**

The carrying amounts approximate fair value based on quoted market prices or discounted cash flow analyses for cash equivalents and other financial instruments. The Academy is subject to some credit risk through short-term cash investments which are placed with high credit quality financial institutions. The Academy had approximately \$27,000 and \$136,449 in excess of federally insured limits as of June 30, 2015 and 2014, respectively.

#### **Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

#### **Income taxes**

The Academy qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is therefore, exempt from income taxes. Accordingly, no tax provision has been made in the accompanying financial statements. Additionally, no uncertain tax positions have been made requiring disclosure in the related notes to the financial statements. The Academy's income tax returns for the last three tax years are subject to examination by tax authorities, and may change upon examination.

Medicaid	52,148	14,172
Interest	41	32
Other receivables	<u>25,902</u>	<u>4,266</u>
Total	<u>\$ 82,216</u>	<u>\$ 30,408</u>

The capital outlay receivables included in the accompanying financial statement is reflected as temporarily restricted net assets since it must be spent for lawful capital outlay expenditures.

Management has determined that the receivables are fully collectible; therefore, no allowance for uncollectible accounts is considered necessary as of June 30, 2015 and 2014.

**3 PLEDGES RECEIVABLE**

Pledges receivable include as \$16,252 and \$15,944 due from individuals for designated pledges related to a capital campaign as of June 30, 2015 and 2014, respectively.

Pledges receivable include the following:

	<u>2015</u>	<u>2014</u>

Total	<u>\$ 1,417,471</u>	<u>\$ 1,483,407</u>

Depreciation expense totaled \$82,039 and \$77,740 for the year ended June 30, 2015 and 2014, respectively.

#### 5 LAND HELD FOR SALE

During fiscal year 2012, the Board approved the sale of land originally held for the construction of a new charter school facility. Management and the Board determined not to proceed with the new facility and placed the land for sale. The cost of the land and site improvements totaled \$1,554,094.

Since the purchase of the land and completion of the site improvements, the Academy has determined the fair value is less than the carrying value of the assets. The fair value of the asset was determined based on an appraisal which was conducted in 2009, which valued the land at \$650,000. Subsequent to the appraisal, comparative land values have continued to decrease. The Academy has not conducted subsequent appraisals. However, based on opinions of experienced real estate professionals working in that area, the fair value was estimated based on comparative land values in the area. The Academy has contracted with land real estate consultants to conduct the sale of the land, which have estimated the sale price of the land of approximately \$400,000 to \$700,000, with an eventual sale of approximately \$500,000.

For the year ended June 30, 2012, the Academy recorded an impairment on the land to adjust the book value of the land and site improvements to \$500,000. As a result of the impairment, the Academy recognized an impairment expense of \$1,054,094 for the year ended June 30, 2012. The School did not recognize an additional impairment on assets for the year ended June 30, 2015. The land is reported on the accompanying Statement of Financial Position as land held for the sale, net of impairment as of June 30, 2015 and 2014.

#### 8 CREDIT OBLIGATIONS

##### Line of credit

In January 2015, the Academy entered into a \$200,000 credit line promissory note with a financial institution. Outstanding borrowings are due in one payment plus any accrued interest on January 2016, maturity date. The Academy is required to make monthly interest, which is calculated based on Wall Street Journal Prime Rate (3.25% as of June 2015). As of June 30, 2015, there was no outstanding balance.

#### 9 RESTRICTIONS ON NET ASSETS

Temporarily restricted net assets are available for the following purposes:

	<u>2015</u>	<u>2014</u>

	<u>\$ 475,693</u>	<u>\$ 561,133</u>

#### 10 CONTRIBUTED MATERIALS, EQUIPMENT AND SERVICES

Contributed materials and equipment, if any, are recorded in the accompanying financial statements at their fair value at the date of receipt. The Academy received \$29,360 and \$42,166 in donated property and equipment for the years ended June 30, 2015 and 2014, respectively.

A number of other volunteers have donated significant amounts of their time to the Academy's administrative services and in its fundraising campaigns during the year; however, these donated services are not reflected in the financial statements since the services are not professional in nature, and, as such, do not meet the criteria for recognition as contributed services.

### 11 GOVERNMENT GRANTS

The Academy has a contract with the School Board to operate a charter school for a maximum student population of 200. The current charter is effective until June 30, 2022, and may be renewed for up to 10 years by mutual agreement between the charter school and the School Board. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter, in which case the School Board is required to notify the charter school in writing at least 90 days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown.

Revenues for current operations are received primarily from the District School Board of Polk County, Florida pursuant to the funding provisions included in the charter. As such, the charter school's revenue stream is largely dependent upon the general state of the economy and the amounts allotted to the Florida Department of Education ("FDOE") by the state legislature. In accordance with the funding provisions of the charter and Section 1002.33(18), Florida Statutes, the charter school reports the number of full-time equivalent students and related data to the School Board.

Under provisions of Section 1011.62, Florida Statutes, the District reports the number of FTE students and related data to the Florida Department of Education (FDOE) for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey period. The FDOE may also adjust subsequent fiscal period allocations based on an audit of the School's compliance in determining and reporting FTE and related data. Generally, such adjustments are treated as reduction or additions of revenues in the year when the adjustments are made.

The basic amount of funding through the FEFP under Section 1011.62 is calculated based on (1) unweighted FTE, multiplied by (2) the cost factor for each program multiplied by (3) the base student allocation established by the Florida legislature. Additional funds for exceptional students who do not have a matrix of services are provided through the guaranteed allocation designated in Section 1011.62(1)(e)2., Florida Statutes. The charter school reported, on average, an enrollment of 157 unweighted full-time students for the fiscal year ended June 30, 2015.

The charter school receives state funds through the District under charter school capital outlay funding pursuant to Section 1013.62, Florida Statutes and amounts received are based on the School's enrollment during the fiscal year. Funds received under this program are restricted to capital outlay expenditures, as detailed in the Florida statutes. Since a claim to the grant proceeds is based upon incurring eligible expenditures, revenue is temporarily restricted and once eligible expenditures have been made, the revenue is reclassified to unrestricted revenue and is reported in the statement of activities as "Net assets released from restrictions."

The charter school also receives federal awards for the enhancement of various education programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. Since a claim to the grant proceeds is based upon incurring eligible expenditures, revenue is temporarily restricted and once eligible expenditures have been made, the revenue is reclassified to unrestricted revenue and is reported in the statement of activities as “Net assets released from restrictions.”

Under the terms of the charter, any property and equipment purchased with School Board funds must be returned to the School Board if the contract for the charter school is terminated.

The summary of funds earned during the year ended June 30, 2015 and 2014 is as follows:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Total 2015</u>	<u>Total 2014</u>
School Board	\$2,556,130	\$7,216	\$2,563,346	\$ 2,525,692

The Academy is reimbursed for providing services to Medicaid eligible individuals. Medicaid reimbursements, included as program service fees, earned the years ended June 30, 2014 and 2013, respectively, are as follows:

	<u>2015</u>	<u>2014</u>
Medicaid reimbursements	<u>\$ 168,927</u>	<u>\$ 109,369</u>

**12 FUNCTIONAL ALLOCATION OF EXPENSES**

The costs of providing the various programs and other activities have been summarized on a functional expense basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefitted.

**13 PENSION PLAN AND COMPENSATED ABSENCES**

The Academy adopted a SIMPLE IRA retirement program during 1997. All employees with over six months of service are eligible to participate in the program. Total contributions to the plan by the Academy for the years end June 30, 2015 and 2014 were \$28,512 and \$27,200, respectively, which represented a contribution rate of 3% on wages paid to each participating employee or 100% match of employee contributions (whichever is lower). The Academy has no liability for the administration or payment of benefits of the plan and, accordingly, the present value of the related vested benefits is not reflected in these financial statements.

The Academy’s liability for compensated absences was not significant and has not been recorded in these financial statements since it was not considered material to the financial statements taken as a whole.

#### **14 FAIR VALUE MEASUREMENT**

The Fair Value Measurements Topic of the FASB Accounting Standards Codification defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

The Company measures the fair value of assets and liabilities as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. The fair value hierarchy distinguishes between independent observable inputs and unobservable inputs used to measure fair value as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2: Inputs other than quoted market prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for an asset or liability. Level 3 inputs should be used to measure fair value to the extent that observable level 1 or 2 inputs are not available.

Generally accepted accounting principles require disclosure of an estimate of fair value of certain financial instruments. The Company's significant financial instruments are cash, accounts receivable, accounts payable, short term borrowings, and other short term assets and liabilities. For these financial instruments (level 1), carrying values approximate fair value because of the short maturity of these instruments.

#### **15 COMMITMENTS AND CONTINGENCIES**

The academy has an agreement with the City of Lakeland to lease the land on which the Academy's building is located. The lease agreement was entered into in 1967 and is for a term of 99 years. There is no annual lease payment. The fair value of the lease has not been recognized as a contribution or reflected as an expense of operations since an objective basis for measuring the value of such lease cannot be determined.

#### **16 SUBSEQUENT EVENTS**

The Academy has adopted guidance that requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date (that is, whether that date represents the date the financial statements were issued or were available to be issued). The Academy has evaluated subsequent events through September 15, 2015, which is the date the financial statements were available to be issued.
