Begin Time: 11:50 AM
End Time: 12:45 PM

Additional Information

FEMALES 75
MALES 36

CENSUS 111

As per section 120.695, Florida Statutes (FS) this form will serve as a "Notice of Non-Compliance" for any violation noted. Items marked below violate one or more of the requirements of Chapter 6A-2.0040 Florida Administrative Code (FAC). Sanitation Standards in K-12 Private Schools and section 468. Florida Building Code (FBC), Schools, Colleges, and Universities. Violations must be corrected within the time period indicated in the results section above. Continued operation of this facility without making these corrections is a violation of section 6A-2.0040, FAC, and section 468 FBC. Failure to correct violations in the time frame specified may result in enforcement action being initiated by the Department of Health.

Violations Comments

Violation #26. Location/Sanitizers

Staff was observed using less than 10ppm bleach solution to sanitize diaper changing station, which is inadequate for sanitizing these surfaces at room temperature. Refer to label of chlorine for adequate solution instructions and use chlorine sanitizer test strips to ensure adequate chlorine sanitizer solution. 50ppm would be adequate at room temperature. Another EPA approved sanitizer may be used aswell. Solution was remixed during the inspection.

CODE REFERENCE: Location/Sanitizers. 6A-2.0040(12)(a)(b)(d)(e). A diaper changing station shall be located in or adjacent to any classroom where children wearing diapers are enrolled. Diaper changing tables must be maintained in a safe & secure condition at all times. A sanitizer that is approved by the Environmental Protection Agency (E.P.A.) shall be available at the changing station. The sanitizer shall be prepared according to the manufacturer's instructions & used as directed on the label.
